

Company Profile

Overview

Established in Jordan in the year 2006 to provide concrete and reliable support services for local and foreign companies operating in the region.

We have innate advantages in administering logistics support solutions

We are able and ready to meet your short and long term contract needs

We value your time and are here to support our clients from our first meeting to the last day of work

We are able to adapt in a fast paced and work intensive business environment with a communication strategy that keeps a constant relay between managers, employees, and clients for which our team is informed and accountable

A hand is shown in silhouette, holding a small, clear globe of the Earth. The background is a bright, sunny sky with a lens flare effect from the sun. The overall mood is optimistic and global.

Philosophy

Our philosophy is to thrive for excellence and to provide competitive, efficient and reliable resource solutions.

The focal element of our philosophy is to establish trust and authenticity with our clients, making our motto;

Client Servicing & Relationship

We are known for our demanding strive for excellence. We provide the best in terms of quality, time, people and price.

Mission

*To Combine Aggressive
Strategic logistics support with quality
services at competitive prices to provide the
best value for our business associates*

Vision

To be a Multinational corporation offering extensive support activities to our clients in the Middle East, globally and consequently grow as business partners

About us

We, UABS, introduce ourselves as a competent general services company engaged in logistics support services, procurement and hospitality industry

Our Code of Ethics

UABS has established an Ethics and Compliance program, designed to bring our diverse and specialised personnel into our organisation with the same corporate goals and responsibilities.

*It is the policy of UABS to incorporate this code of ethics into the UABS business model, creating an inclusive and ambitious **corporate culture** to enable our positive minded teams to operate with an integrity and a clear sense of their responsibilities to each other, our clients, the environment and the industry.*

At UABS we avoid any damage to the environment. We use whatever impact mitigating systems are in place, and encourage the introduction of such where none exists.

At UABS we maintain a tidy appearance. This is the most visible way in which we show our respect for each other, our organization, and our client.

UABS has zero-tolerance for negative management, discipline, or retaliation for raising concerns within the process for such complaints set down for all employees by UABS

Our aim is to create, maintain, and assure the best possible reputation for UABS, the trust of our colleagues and clients is our most important commodity. Through constant application and cooperative support at all levels, we will make UABS the most respected, productive, and enjoyable company to work with in the region
